Experience

ORGANIZATION

Black Action Society
Intercollegiate Community Support and Outreach Chair September 2022 - Present

Kept up to date and relayed information to the club in regard to activism opportunities in the city. Coordinated meetings to discuss event organization. Advocated social change through organized protests and written letters to the university. Accounted for our organization's finances alongside my colleagues. Collaborated in sharing our organization's events and accomplishments through social media.

Clean Water Action
Canvass and Research Intern August 2022 - January 2023

Informed members and non-members about the dangers of toxic PFAS chemicals. Gathered data on corporations' carbon emissions. Monitored the organization's finances through donations from members. Led informational meetings that informed members on how to be more environmentally friendly at home and in the workplace.

Leadership & Activities

Model United Nations
Organizational and Discussion Chair September 2021 – Present

Responsible for communicating information to the club about current international events. Enacted discussion and debate within the club in order to create a space of learning. Taught the rules and regulations of the Model United Nations debates.

Asian Student Association Member
Committee Member September 2021 – Present

Enacted outreach to increase student participation within the organization. Organized events with fellow members to celebrate the Asian student population. Created infographics and posters to promote the organization to people unfamiliar. Facilitated informational meetings that discussed mental health in the Asian American community.
